I would like to first personally thank Niche Magazine for an unforgettable, luxurious, and glamorous event, it was one of the most enjoyable nights I witnessed. It was more about the award I received; seeing all these big names and successful business leaders in one place was one of the most joyous things to witness. I would like to also thank the CEO, Mr. Nady Ghaly, this is not my first time working with him, and it keeps improving every time. He continuously takes his work to a higher level and raises the standards along the way.
